This machine has documented \$683,401 invoice from Finning Cat, For complete machine rebuild in 2012. This unit came from a National company that spared no expense in maintaining their fleet. This unit was not in Rock, the ripper was used very little. This is a very clean tractor that spent the majority of its life in the dirt. The track frames are very solid and sound. We have been running the tractor ourselves for the last 1,000 plus hours. The machine is as nice as they come for the year and hours. The machine has a fresh work order performed, all oils and filters serviced, all pressures tested, machine is ready to go.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. Priced to Sell.

Nationwide Delivery, Export, and Financing available at very good rates. Call Josh @ 563-872-4112 or email Sales@jjscheckel.com.
